### LUSCIOUS AND TANTALIZING

2007  
**HILLSIDE SELECT®**  
NAPA VALLEY • STAGS LEAP DISTRICT

### ELEGANT AND POWERFUL

2007 offered everything a Cabernet Sauvignon vine loves. The season started dry and warm leading to ideal conditions for summer-long fruit development. The dry spring gave us smaller-than-usual clusters, which resulted in berries with outstanding concentration and a wine that's a feast of dark, dazzling fruits and silky, elegant tannins.

**ONE POINT FIVE®**  
**CABERNET SAUVIGNON**

### RICH AND AROMATIC

The 2008 growing season started early, when winter chill was still in the air, setting the stage for vines with smaller clusters. A lengthy spring and summer offered warm, sunny days and cool nights. These classic Stags Leap District conditions, combined with less fruit, created a ripe, inky Cabernet and dense with rich aromas and flavor.
